

Hello,

Researchers from Emory University are conducting a survey study with people who use in-center hemodialysis in the Southeastern states of **Georgia, North Carolina, and South Carolina**. We are conducting this study to understand your opinions about and experience with the COVID-19 vaccine. We will use the study results to develop programs to improve communication about vaccines for people who are treated with dialysis.

If you currently use in-center hemodialysis in a Southeastern state (**Georgia, North Carolina, or South Carolina**) and want to share your opinions and participate in the survey, please click here to **take the survey online**:

<https://is.gd/COVIDdialysis>

QR Code to access the survey:

Or call **(404) 712-4728** and a member of the study team will contact you to complete the survey via phone.

This study was approved by the Emory Institutional Review Board. If you have any questions about the study, please call: **(404) 712-4728** or email the study investigator at: megan.urbanski@emory.edu.

Thank you and have a great day!

Megan Urbanski, PhD, MSW
Postdoctoral Research Fellow
